☐ Service is included in approved waiver. There is no change in service specifications.

☐ Service is included in approved waiver. The service specifications have been modified.

☒ Service is not included in the approved waiver.

Service Definition:

Remote Electronic Monitoring provides oversight and monitoring within a home through an off-site electronic ~~surveillance-support~~ system in order to reduce or replace the amount of staffing an individual needs.

Service includes:

- A. Electronic ~~surveillance-support~~ system installation, repair, maintenance, and back-up system;
- B. Training and technical assistance for the individual and their support network;
- C. Off-site system monitoring staff; and
- D. Stand-by intervention staff for notifying emergency personnel such as police, fire, and back-up support staff.

SERVICE REQUIREMENTS:

- A. Remote Electronic Monitoring is only available for individuals aged 18 or older.
- B. Individuals requesting this service must be preliminarily assessed by their team for appropriateness in ensuring the health and welfare of the all individuals in the residence. These actions must be documented in the person centered plan.
- C. Each individual residing in the residence, guardians, and teams must be made aware of both the benefits and risks of the operating parameters and limitations. Informed consent must be obtained for all individuals in the residence.

D. The use of this service must be designed and implemented to ensure the need for independence and privacy of the person who receives services in their own home.

~~D-E.~~ Remote Electronic Monitoring must be done in real time, by awake staff at a monitoring base using:

- 1. Engage in live two way communication with the person being monitored~~video feed~~;
- 2. motion sensing systems;
- 3. radio frequency identification;
- 4. web-based monitoring systems; or
- 5. other devices approved by the DDA.

~~E.F.~~ Use of the system may be restricted to certain hours as indicated in the person centered plan of the individual involved.

~~E.G.~~ To be reimbursed for operating an electronic monitoring and surveillance-support system, a provider must adhere to the following:

1. The system to be installed must be preauthorized by the DDA
2. The electronic monitoring/surveillance-support system and on-site response system must be designed and implemented to ensure the health and welfare of the individual(s) and achieve this outcome in a cost neutral manner.

~~G.H.~~ Direct supports are available during transition to remote monitoring.
